

The FS Key Community Says

“Our Hearts Go Out To
Haiti”

Join us in raising funds to donate to Partners in Health, helping the people of Haiti recover after the terrible earthquake.

On February 3rd, 4th, and 5th a donation station will be set up outside the cafeteria.

When a student donates any amount to help those in Haiti, he or she will be able to write their name on a heart to be displayed at the front entrance to the school to show how much they care.

No amount is too large or too small! Checks may be payable to “Partners in Health,” and cash is welcome, too. Your child may bring his/her donation any time and the classroom teacher will hold on to it until the donation collection dates!

Child's Name _____ Room _____

Here is my child's donation of \$_____ to help Partners In Health help the people of Haiti.
